All personnel will protect monies and property of the Commonwealth of Virginia through expenditure and accounting controls.

B. The Agency Procurement and Surplus Property Manual (APSPM) of Commonwealth of Virginia Department of General Services/Division of Purchases and Supply (DGS/DPS)

B. DELEGATED PROCUREMENT AUTHORITY: The President has received Delegated Procurement Authority for goods, services, and printing from DGS/DPS. The limitation of this authority is $100,000 for goods; no limitation for services and $100,000 for printing.

Only the Procurement Officer and/or her designee are authorized by the Department of Purchase and Supply to obligate the State in any discussion or negotiation to buy products or services. The college has no obligation to pay any purchase regardless of amount or purpose or intended use of the product unless the purchase was properly documented and approved by proper authority. Anyone who violates these instructions shall be liable for any resulting indebtedness.

E. CONTRACT ADMINISTRATION:

1. The Procurement Officer is responsible for designating all contract administrators, and therefore, supervises the preparation of all service, construction, nonprofessional, and professional contracts, reviewing requests, analyzing specifications and assuring that the contract is complete and accurate for offering to vendors.

2. The Procurement Officer appoints a contract administrator in writing who has a vested interest in the procurement and who will be responsible for the proper adherence to all contract specifications by the contractor.

3. The Contract Administrator will oversee the utilization and operation of contractual obligations and serve as the liaison between the contractor and the College.

Therefore, only the President or Vice President of Financial and Administrative Services or designee can bind the college in a contractual commitment. This includes any instrument labeled ‘agreement’, ‘maintenance agreement’, ‘memorandum of understanding’, ‘memorandum of agreement’ or ‘contract’.

2. The President of the College has granted the Vice President of Financial and Administrative Services the authority to sign procurements up to $100,000.

3. The Vice President of Financial and Administrative Services has the authority to sign VBO waivers, multicolor printing, prebid or preproposal conference waivers, and written determinations to support the use of emergency, sole source, and competitive negotiation procedures.

IV. EXCEPTIONAL PROCUREMENT PROCEDURES

A. PRESIDENT:
May authorize the procurement of goods or services on an immediate or emergency basis to support the operations of the college, the safety of staff and students. Procurements under this paragraph are governed by the Code of Virginia, Section 11-41E, the DPS/DGS stipulations in the Agency Procurement Manual, and the VCCS Standard Administrative Practices Manual. (See V. Emergency Procurement).

B. VICE PRESIDENT OF FINANCIAL AND ADMINISTRATIVE SERVICES: May authorize expenditures up to $100,000 for the procurement of goods; no limitation for services and $100,000 for printing as delegated by the President of the College.

C. HUMAN RESOURCE OFFICER:
The Human Resource Officer or designee is authorized to directly order newspaper and magazine advertisements to support
recruitment. Purchase Requisition will be submitted with invoice and tear sheet as soon as available following standard procedures.

D. BUILDINGS AND GROUNDS SUPERVISOR:

E. INFORMATION TECHNOLOGY MANAGER
May authorize expenditures up to $5000 for the procurement of goods which are needed on an immediate or emergency basis to maintain or return to operation essential mechanical and functional systems of the College, which may be further delegated in writing.

V. EMERGENCY PROCUREMENT: An emergency is an occurrence of a serious and urgent nature that demands immediate action. Emergency procedures may be used to purchase only that which is necessary to cover the requirements of the emergency. Subsequent requirements shall be obtained using normal purchasing procedures. The potential loss of funds at the end of a fiscal year is NOT considered an emergency.

A. Emergency purchases required to protect personal safety or property shall be made with such competition as is practicable under the circumstances (Code of Virginia, §2.2-4303F). This does not relieve the College from negotiating a fair and reasonable price and subsequently documenting the procurement action.

B. Award of Emergency Procurements: The College must prepare a confirming contract or purchase order, as soon as practicable, after directing the contractor to proceed.

C. Written Determination: A written determination for signature by the agency head or designated representative indicating the nature of the emergency and the reason for selection of the particular contractor shall be included.

D. Emergency notices shall be posted on the DGS/DPS eVA web site. This notice shall state that the procurement has been declared an emergency, description of what is being procured, the contractor selected, and the date of the award.

VI. MANDATORY SOURCES
The College shall comply with all policies and procedures concerning mandatory sources of supply as required by not limited to the APSPM. Purchasers are responsible for determining in advance whether the items they want to purchase are mandatory source items.

The College must obtain written approval, in advance, from the appropriate official for any exception. Therefore, requestors who need an exception from mandatory source or mandatory contract requirements should contact the Procurement Practitioner. The Exemption Request form must be attached to the purchase transaction file either electronically or by hard copy.

The most frequently used mandatory sources are listed below:

A. Term Contracts. To obtain more favorable prices through volume purchasing and to reduce lead-time and administrative cost and effort, DGS/DPS and other agencies/institutions within their delegated authority, may establish mandatory use term contracts for goods or services. Written notices of contract awards are issued notifying participants (agencies or institutions or organizational elements within) of the existence of such contracts. In accordance with the terms and conditions, purchase orders shall be issued in any amount for any goods or service on a term contract available to that participant. Agencies and institutions shall place all orders on mandatory use contracts through eVA. If an item is available on a mandatory contract, participants may not use their local purchasing authority to purchase from another source unless the purchase is exempt by contract terms such as not meeting the contract's minimum order requirement. Vendors who intentionally sell or attempt to sell goods or services to an authorized participant who is under a mandatory contract with another vendor may be suspended and/or debarred by DGS/DPS. The purchase by agency personnel of goods or services that are on DGS/DPS mandatory contracts from non-contract sources may result in reduction or withdrawal of that agency's delegated purchasing authority by DGS/DPS (see 13.7). An exception from a mandatory state contract may be granted by the DGS/DPS contract officer responsible for the contract. The Procurement Exemption Request form located in Annex 13-D should be used to request an exception. Approved exemption requests must be attached to the purchase transaction file either electronically or by hard copy.

Term contracts are for the benefit of the Commonwealth of Virginia, its agencies and institutions. They do not apply to State employees or other individuals, and ordering from state contracts or individual state agency/institution contracts by individuals directly or by using agency orders with subsequent reimbursement to the agency is prohibited.

Typical projects include promotional, informational and public educational campaigns; logos and identity systems; internet sites, annual reports and strategic plans; economic development and travel publications; magazines and newsletters; training and conference materials, interactive .PDF files, PowerPoint presentations, calendars and posters; museum catalogs and brochures, etc.

All agencies planning to procure graphic communication services in excess of $750 must first contact OGC to determine if their requirements can be provided by that office and, if not, the agency must receive written authority from OGC to procure from another source. This requirement does not apply to agencies utilizing existing in-house capabilities; however, if any portion of these services will be contracted with the private sector, or another public body, the agency must first contact OGC. To contact OGC, email paris.ashton@dgs.virginia.gov or call 804-371-8359.

to the DGS Office of Fleet Management for approval to initiate the purchase process for all vehicles (Code of Virginia § 2.2-1176). OFMS approval of a form OFMS - 1 to purchase a vehicle does not constitute a waiver of purchasing procedures set forth in this manual or the Code of Virginia.

VII. NONMANDATORY SOURCES

A. Optional Use Term Contracts. Optional use term contracts may be established by DGS/DPS or other agencies and institutions within their delegated authority. This type of contract may be appropriate because of the unique nature of the commodity or service being procured and when the demand base encompasses all agencies and institutions. An example would be office supplies that generally are ordered in low dollar increments by users at the lowest organizational level and when local storage and distribution costs exceed any bulk purchase savings. Optional use contracts may also be appropriate when erratic or rapidly dropping prices are encountered such as in the personal computer and related peripheral equipment industries. Market conditions in these limited applications create an incentive for the contractors to retain business by publishing revised price lists against which fixed discount rates can be applied throughout the contract's term. Agencies and institutions shall place all orders on DGS/DPS optional use term contracts through eVA.

B. Surplus Property. DGS/DPS has statutory responsibility for administering the surplus property program for state-owned personal property, as well as the federal surplus property program which makes surplus federal property available to eligible state participants. These programs are optional use sources of supply and should always be considered prior to initiating purchase action. Substantial sums of money can be saved for goods that are often in "like new" condition. To avoid unnecessary purchases of new materials or equipment, the agency or institution's Fixed Asset Accounting and Control System (FAACS) coordinator should ensure that assets being procured are first screened against available assets from within their own agency and from other agencies and institutions by reviewing FAACS screening reports FAC30020 (agency) and FAC301 (statewide). Copies of these reports are available on request by contacting the Department of Accounts (DOA) at 804-225-2646.

C. Nonprofit Sheltered Workshops and Nonprofit Organizations. (See definition in Appendix A.) State agencies may purchase selected goods and services from nonprofit sheltered workshops and nonprofit organizations serving the handicapped without competition if the goods or services:

1. are of acceptable quality;
2. can be supplied within the time required;
3. are not produced by schools or workshops under the supervision of the Virginia Department for the Blind and Vision Impaired or by inmates confined in State correctional institutions; and,
4. can be purchased within ten percent (10%) of fair market value. DGS/DPS deems fair market value to be the lowest purchase price paid by the purchasing agency or other governmental entity for like items or services purchased in a similar quantity within the last six months. If this information is not available, then obtain at least one additional quote to determine fair market value.

A commodities list of available goods and services provided by nonprofit sheltered workshops and nonprofit organizations of Virginia serving the handicapped is accessible from a link on the eVA home page, www.eva.virginia.gov.
