

# THE Q.E.P AGENTS ARE COMING!

## What YOU Need to Know and Why

### THE WHY:

- An accreditation review team will be visiting DCC in October to confirm that YOU know what our QEP is!
- In the southeast, that accrediting body is the Southern Association of Colleges and Schools Commission on Colleges (**SACSCOC**).

### THE WHAT:

- The Q.E.P stands for **Q**uality **E**nhancement **P**lan. It is a document that reflects and affirms the College's commitment to enhancing student learning and/or processes/systems that contribute toward that improvement in student learning. **DCC's topic concerns enhancing student ENGAGEMENT and improving our ADVISING processes.**
- DCC is an accredited school, which means that your degree is worth something much more than a piece of paper.
- DCC's QEP is titled *A.G.E.N.T.S:*  
**Academic Goals Engaging Navigating and Training for Success**
- The QEP's Goals are:

**QEP Goal #1** - Students will actively participate in the development and implementation of a personal education plan that will include setting academic goals, identifying course requirements for their program of study, and developing a tentative timeline for completing those courses.

**QEP Goal #2** - Students will experience an increased level of successfully completing their educational goals through engagement with college resources mediated via interaction with institutional agents.

**Visit [www.dcc.vccs.edu](http://www.dcc.vccs.edu) for more information.**  
**Look for the AGENTS link at the bottom of the website.**
