Vision: Danville Community College will be the college of choice in our region for exemplary educational programs and services.

Mission: Danville Community College is committed to providing quality comprehensive higher education and workforce programs and services to promote student success and to enhance business and community development.
BUSINESS MANAGEMENT

Management is an exciting business career that involves planning, organizing resources, and leading and motivating employees to achieve goals and objectives.

Program Purpose: The DCC Business Management program is designed for students preparing for initial employment in a business-related field or for those already employed and seeking advancement in their management careers.

Program Courses: All management specializations offer technical courses in management, marketing, accounting, information technology, and general education. Instruction includes both the theoretical concepts and practical applications needed for success in the management field.

Length: A full-time student can complete this program in four semesters.
