Danville Community College

Danville Community College does not discriminate on the basis of race, color, age, national origin, sex, or disability in its programs or activities. Member, Virginia’s Community Colleges

Enhancing Student Learning
ACCOUNTING

Danville Community College’s Accounting program is designed for students who seek employment in the accounting field immediately upon completion of their studies. Persons seeking advancement in the accounting field may also benefit from this program. A full-time student may complete this program in four semesters. Upon successful completion, you will receive the Associate of Applied Science Degree in Accounting.

Do You...

- Like dealing with numbers and/or enjoy mathematics?
- Have the ability to work independently?
- Like solving problems?
- Enjoy detail work?

... Then an Accounting career may be for you!

Some courses in this program may be applied to a four-year program at the discretion of the admitting institution. However, if your objective is a baccalaureate degree in accounting, you should enroll in DCC’s Business Administration Program.
