Understand the necessity of Repayment – It's important to remember that you must repay your loan even if you fail to complete your degree, are unhappy with your education, or can't find immediate employment after graduation. If you are late with just one payment—simply miss a payment—your loan will be considered delinquent and you may incur late fees. If you stop making Stafford Loan payments altogether, you'll be considered in default after 270 days have passed with no payment. Default is very serious and can negatively affect your credit rating for years. If you are ever unable to make your monthly loan payments, contact your lender or loan servicer immediately. Under certain conditions, you may be eligible for a deferment or forbearance and our loan payments may be temporarily reduced or stopped.

How to Apply

Follow These 5 Steps:

1. **Complete the Free Application for Federal Student Aid (FAFSA)** - In order to establish eligibility for the Federal Stafford loan you must complete and submit a FAFSA form for the applicable award year that you are planning to enroll. You may apply on-line at www.fafsa.ed.gov. Be sure to include DCC's school code (003758) on your FAFSA. DCC will not certify your Stafford loan without first obtaining the processed results from your FAFSA application
2. **Know your Pin Number** – In order to complete your Entrance Counseling and Promissory Note below you will need to know your PIN Number. This is the same PIN you use if your electronically signed your FAFSA. If you do not have a PIN or have forgotten your PIN Number please visit the Federal PIN website at www.pin.ed.gov
3. **Entrance Counseling** – To receive a student loan, the federal government requires that you understand the basics of borrowing. You'll be asked to complete a brief entrance counseling session. Entrance Counseling can be completed on-line at www.studentloans.gov. Click on entrance Counseling. This counseling session will help you learn more about the necessity of repaying your student loan, your Master Promissory Note, planning for repayment, and your rights and responsibilities as a borrower.

4. **Complete Your Promissory Note** – To apply for a Federal Stafford Loan, you need to submit a completed and signed Master Promissory Note (MPN). To Sign your promissory note online, visit www.studentloans.gov and click on Sign Promissory Note. Failure to promptly complete your Promissory Note will delay processing of your loan request. Your MPN is a legally binding document stating that you agree to repay your loan and that you accept the terms and conditions of your loan. The MPN also defines your right and responsibilities as a borrower, so it is vital that you read and understand this document.
5. **Complete the DCC Loan Request Form** – available at www.dcc.vccs.edu and return it to the Financial Aid Office.

Learn More about the Stafford Loan

There are two types of Stafford Loans- Subsidized and Unsubsidized. You may be eligible to receive one or both loan types. The **Subsidized Stafford Loan** is a need-based loan and is made available depending on your income and dependency status. With this loan, the government pays the interest that accrues prior to repayment, during your grace period, and during authorized periods of deferment. The **Unsubsidized Stafford Loan** is made available regardless of your income and dependency status and you are responsible for all of the interest that accrues over the life of the loan. Your financial aid office will let you know which loan types are available to you.

Are there any fees associated with using the Federal Stafford Loan Program? – **Yes**, all Federal Stafford Loans are assessed a loan fee by the federal government. This fee helps reduce the cost of making these low-interest loans. The federal government will deduct the fee from the loan before the borrower receives any loan money; therefore, the loan funds received by the borrower may be less than the amount they will repay. The loan fee for the 2014-2015 award year is 1.051%
